

The Institute for Ethical AI in Education

The institute for Ethical AI in Education would like to say a huge thank you to all those who gave their time to participate in the Institute's roundtable series. Listening to your views and values, and learning from your insights has enabled us to develop an Ethical Framework that truly reflects a shared vision of ethical AI in education.

The Institute would also like to thank all of the students who participated in the Young People's Roundtables. Their contributions were invaluable, and they were a credit to their schools, their countries and themselves. We would furthermore like to thank their teachers for helping to organise these roundtables.

Students from the following schools participated in the Young People's Roundtables:

Benhurst Primary School - part of LIFE Education Trust, Hornchurch, UK

Colegio Valle de Filadelfia, Mexico
