

IT Services

Need to connect to the UoB-WiFi?

1. Select 'UoB-WiFi' from your list of Wi-Fi connections
2. Enter your full University email address and current password
3. Certain devices, such as Android, require extra information, which may be found within an 'Advanced' menu:
 - EAP Method: PEAP
 - Phase 2 Authentication: MSCHAPv2
 - CA Certificate: Unspecified / Do not use / Ignore
4. You may be asked to 'Trust' our server before connecting

Further details about the service can be found on the IT Services section on the University website (<https://www.buckingham.ac.uk/its/>)

* Due to the nature of our network, Internet of Things devices such as Amazon Alexa and smart TVs are not compatible

** Windows 7 devices will require specific configuration, please see our web pages

***Games consoles used within University accommodation will need to be connected via ethernet cable
